

Before First Use

Make sure to clean and wipe down the inside of the bag with a mixture of mild soap and warm water.

Guidelines to Maximize Performance

- Pre-chill Cooler with sacrificial ice or store Cooler in a cool location before loading it up.
- Pre-chill food or drinks and pack cooler by layering ice and contents. A ratio of 2:1 of ice to contents is recommended.
- Use a mixture of cubed and block ice to keep contents chilled. Cubed ice chills the Cooler and contents more quickly, while block ice lasts longer.
- Fill extra space inside Cooler with more ice, towels, or crumpled newspaper to reduce amount of trapped air.
- During use, do not drain melted ice water.
- Keep Cooler fully closed whenever possible.
- Keep Cooler out of direct sunlight whenever possible.
- Make sure zipper is fully fastened to seal Cooler and contents off from external influences.

Attention

- Not compatible with dry ice.
- Do not store or place sharp objects in Cooler.
- When not in use, store Cooler away from the reach of pets and children and avoid storing in a hot location.
- Secure all cargo before riding. Take care that all straps are tied down and any loose items are secured.
- Check to ensure accessories have been correctly installed and securely fastened before riding.

How to Clean

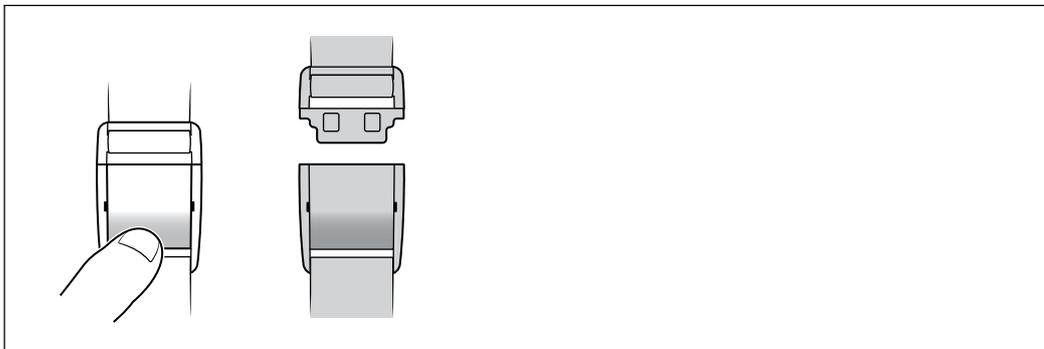

Make sure to clean Cooler after each use. Empty all contents, including ice packs or any loose debris, before cleaning Cooler. Prepare soapy water solution by mixing mild dish soap with fresh water. Dip cloth or sponge into soapy water solution and gently wipe Cooler down. Rinse thoroughly with fresh water to remove any soap residues. Wipe dry with cloth or paper towel, and leave Cooler open in well-ventilated area to air dry completely before storing.

⚠ Do not use bleach or any harsh chemicals to clean Cooler.

⚠ Do not machine wash. Do not machine dry.

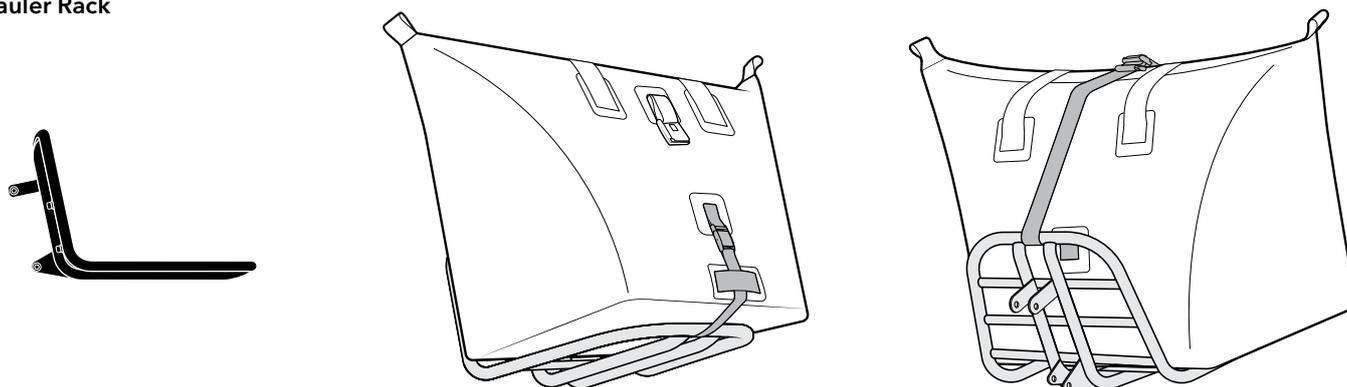

⚠ Do not use boiling water to clean Cooler.
